English, Hindi

SUMMARY

An ambitious Java Trainee & Full-Stack Developer, driven by a passion for competitive coding and data analysis. I have not only excelled in live projects but also actively pursued training in machine learning, fueling my urge to explore and work in the field of data science. With a flair for effective team collaboration seeking to grow and make a mark in the world of technology.

EDUCATION

United College of Engineering and Research

Bachelor of Technology(CSE) - 8.85 SGPA
2019-2023

The Lovedale School

Intermediate(12th) - 84.2%
2017-2018

TECHNICAL SKILLS

- Full Stack Java Development
- PHP
- MySQL
- HTML, CSS, Bootstrap
- Node JS, Angular, React JS
- C,C++,Python
- Data Analysis
- Machine Learning
- AWS

CERTIFICATIONS

- **Competitive Coding** By United Global Info Services Ltd.
- **Machine Learning** by Internshala
- **Full Stack Web Development** by Eduonix
- **Python** by United Global Info Services Ltd.
- **Data Analysis** By Cognitive Classes

BOOTCAMPS

- Python and Machine Learning at Shape AI in 2021
- JavaScript and React JS at Shape AI in 2021

ACHIEVEMENTS

- Gold Medalist in National Talent Hunt Organization.
- Certificate of Appreciation for performance in Job-a-thon by GeeksforGeeks

HOBBIES

- Poem Writing
- Cultural Arts (Mandala and Madhubani Art)
- Playing Chess

TRAINING AND INTERNSHIP

Java Trainee

Nagarro Software Private Limited | Gurugram

- Worked on many full stack projects using Java and Spring boot.
- Developed Angular and Node applications and also worked on Cloud Interfaces

Web Developer Intern

Ankur Web Technology | July 2022 - September 2022 | Prayagraj

- 2 months work internship where developed a live website
- Gained appreciation for hardwork and efficiency.
- Worked with tools like HTML, CSS, Bootstrap, PHP, MySQL, JavaScript and AJAX

PROJECTS

Inventory Store and Management(LIVE)

- Streamlining college store operations with web-based efficiency: request management, inventory tracking, feedback system, and more for staff ease and transparency
- Tools/ Technologies used: HTML, CSS, Bootstrap, PHP, AJAX, JS, MySQL.

Shop Today

- An all-in-one e-commerce platform offering product buying, selling, and website design frameworks, complete with expense management features
- Tools/ Technologies used: HTML, CSS, Bootstrap, PHP, MySQL, JavaScript and AJAX

Tripleesencia

- Project targets 3 essential mathematical tools: EMI and Interest Calculator, Convertor, and Day Picker
- Tools/ Technologies used: Python and tkinter library for effects.

STRENGTHS

- Strong organizational and time-management skills
- Exceptional communication and optimistic mindset
- Ability to work independently and as part of a team
- Detailed-oriented and able to solve complex problems
- Enthusiastic and consistent
